Accelerate and secure your customer experience transformation with Okta's Customer Identity price promotion

Get started quickly with customer identity authentication, authorization, and user management.

For a limited time, new Okta CIAM customers can take advantage of 60% off of the list price of Okta's API Products - One App product for either 20,000, or 50,000 annual Monthly Active Users.

Okta's API Products - One App includes a user store, authentication, basic MFA, basic authorization, admin roles, logging, and basic user session policies. Learn more at https://www.okta.com/pricing/.

For customers who need additional capabilities beyond One App, our API Products - B2B Integration, API Products - API Access Management, and API Products - MFA can be added on at a 60% discount off of list price.

This promotion is available from February 15, 2021 12:01 AM Pacific Time (PT) through July 31, 2021 11:59PM Pacific Time (PT).

For more information, contact your Okta sales representative.
