

# 2022 Okta for Good Impact Report

Okta's core vision is to **enable everyone to safely use any technology**. Okta for Good takes this a step further, harnessing the power of technology to drive stronger connections and positive impact for organizations, individuals, and communities. For more information about our progress and our plans going forward, please see the [full report](#).

## Key Takeaways

**1. Expanding our global reach:** Total cash giving in FY22 was \$5M.\* We reached 86 organizations across 13 global locations with strategic grants out of the Okta for Good Fund, and 2,989 organizations through employee giving and volunteering. We added partners in 4 countries aligned with Okta's global expansion. And we combined forces with Auth0, deploying an additional \$1M through Auth0.org.

**2. Empowering Tech for Good Innovators:** We supported nonprofits around the world with \$5M in products and services donated to Okta nonprofit customers in FY22. We also expanded Okta for Good's Nonprofit Technology Initiative with two new programs, [The Nonprofit Tech Fellowship](#) which supports innovative tech leaders within nonprofits, and [The Okta for Good Innovation Lab](#), which helps nonprofits build transformative digital services for vulnerable populations.

**3. Deepening our focus on equity:** We unlocked new funding to address the digital divide, racial justice, and inclusive pathways into tech careers. This year, we also launched the first of Okta's climate commitments, including partnerships that address the ways in which climate change is disproportionately impacting marginalized communities.

\* Cash giving from the Okta for Good Fund, Okta, Inc. and Okta employees.
