

okta

# Okta Customer Identity Cloud

Solve identity challenges, win customers, and  
scale without friction.

# Meet the team

---

## Salman Ladha

Senior Product Marketing Manager

As a Product Marketer at Okta, I'm focused on communicating the value of Customer Identity as part of the digital experience. Outside of work, I enjoy reading, working out and catching the latest Marvel movie.

---

## Karim Dhanji

Senior Solutions Engineer

As a Solutions Engineer for Customer Identity, I work closely with our customers to ensure our solutions align to their technical requirements. Outside of work, I enjoy many hobbies but the two that take up the bulk of my time are photography and woodworking.

# Agenda

---

01 Why Customer Identity Matters

---

02 Build Vs. Buy

---

03 Demo of the Customer Identity Cloud Platform

---

04 Customer Story

---

okta

# Workforce Identity Cloud

Employees • Contractors • Business Partners

# Customer Identity Cloud

Consumer Apps and Digital Experiences • SaaS Apps

Powered by  auth0

Building secure  
connections to your  
customers across every  
digital experience

# Customer Identity Cloud

Consumer Apps and Digital Experiences • SaaS Apps

## Sophisticated threats

---

89%

of web app attacks are due to credential abuse

[Verizon, DBIR Report 2022 \(View Only\)](#)

## Higher expectations

---

90%

by 2024, more than 90% of Business to Consumer organizations will compete on the basis of Customer User Experience

Gartner "[Innovation Insight for Customer Identity and Access Management](#)" December 9, 2021, Gartner is a registered trademark and service mark of Gartner, Inc. and/or its affiliates in the US and internationally and is used herein with permission. All rights reserved.

## Talent scarcity

---

~40m

technical roles go unfulfilled due to skill shortage, expected to double by 2030

[CodeSubmit, Developer Shortage in 2022](#)

## Faster pace

---

47%

of leaders focus on technology to boost productivity, post M&A

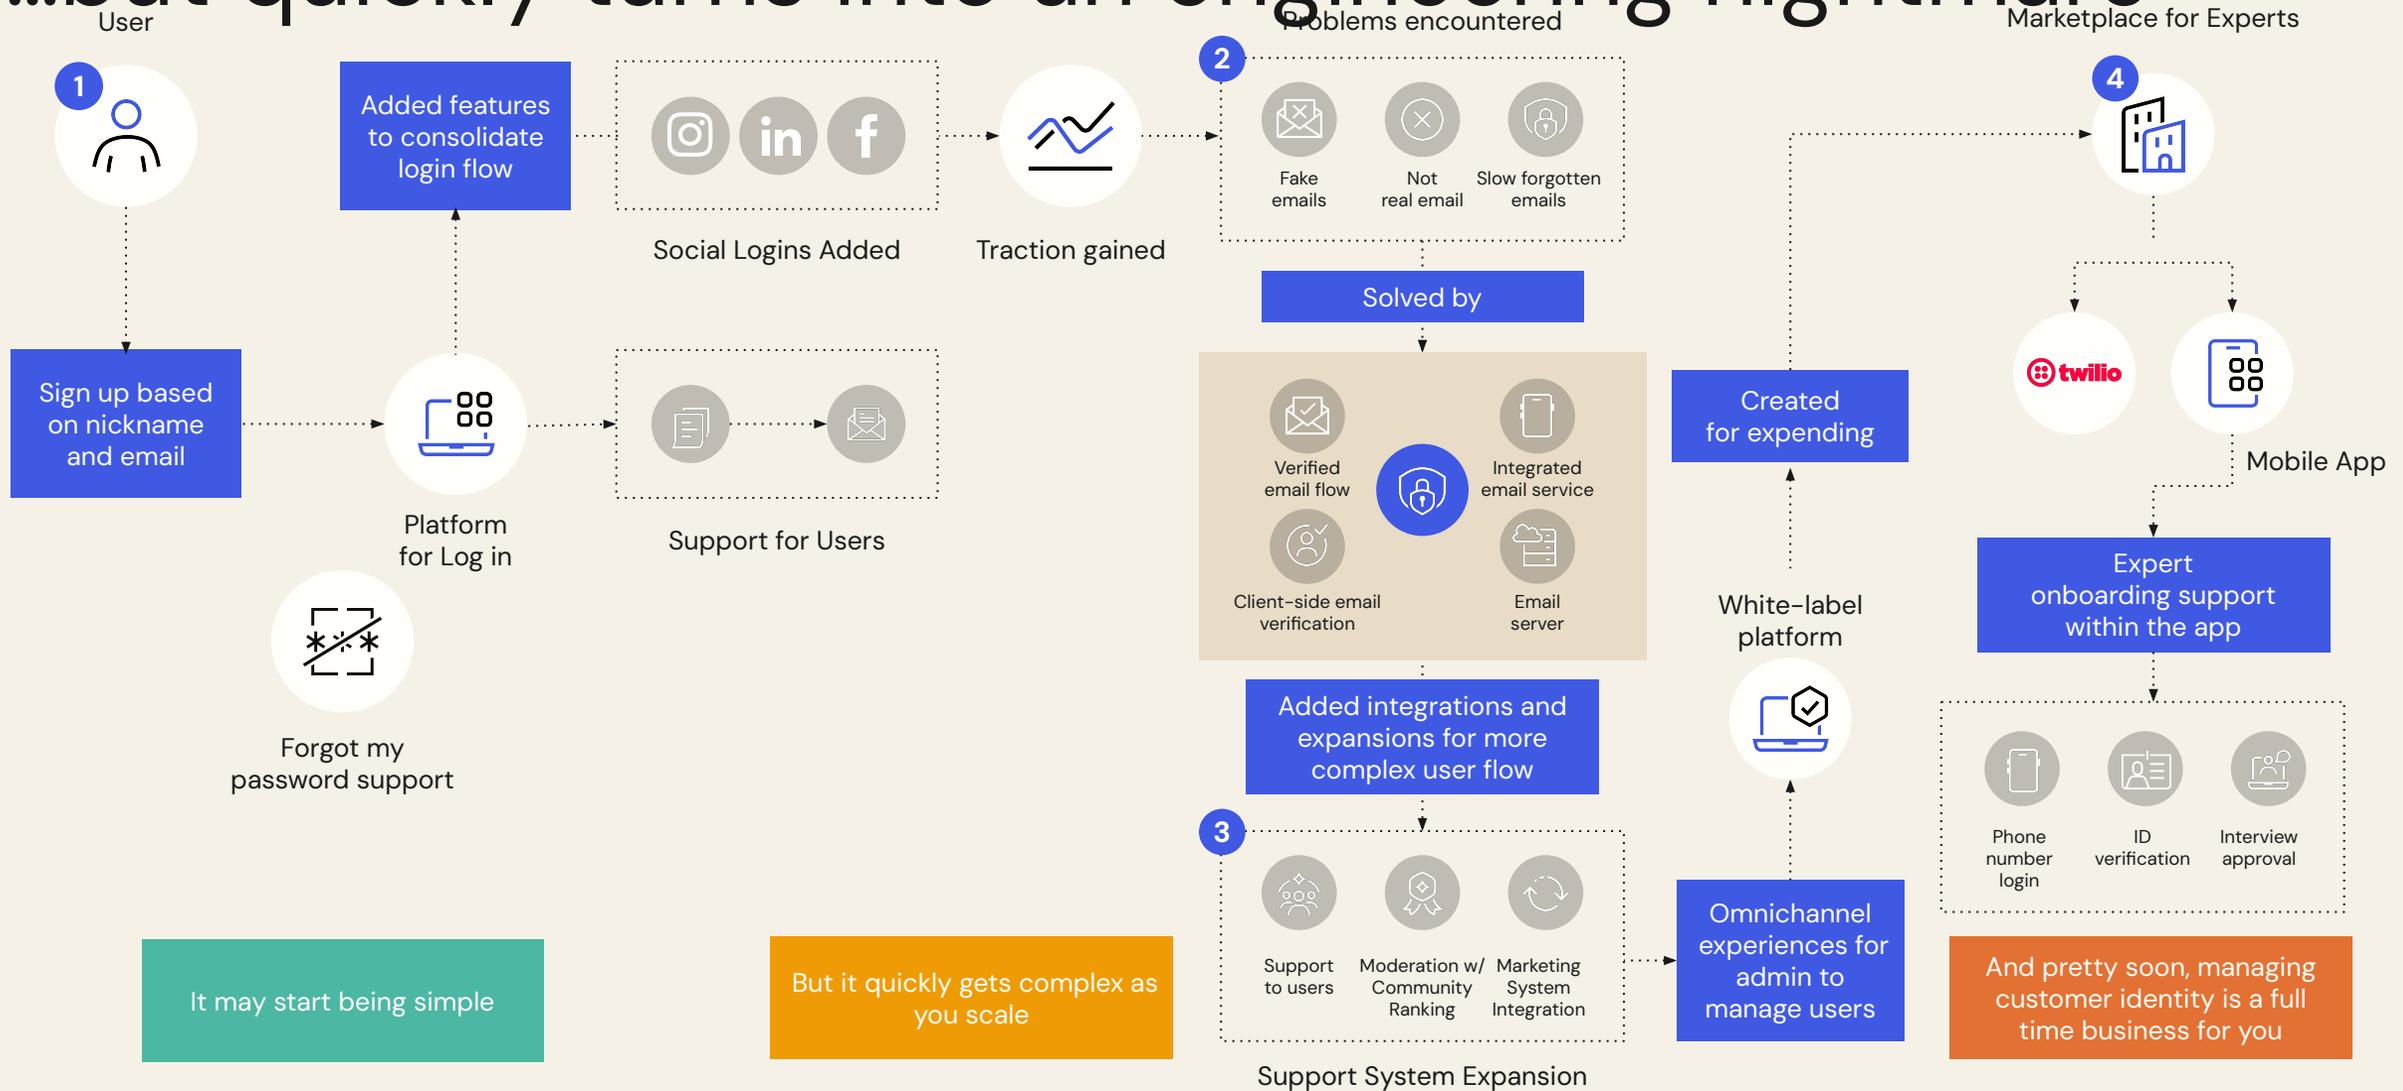

[Harvard Business Review, Speed and Technology in M&A](#)

# Every C-suite leader uses identity

# Building it yourself starts off easy ...but quickly turns into an engineering nightmare

# We take care of identity so that you don't have to

A developer-friendly identity platform that delivers tangible results

---

## Faster time to market

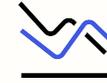

- Actions
- Marketplace Integrations
- API Authorization
- Extensibility
- 60+ SDK & Quickstarts
- Public and Private Cloud Deployments

---

## Accelerate revenue

- Universal Login
- Social Connections & SSO
- Passwordless
- Progressive Profiling
- Web Personalization
- Branding

---

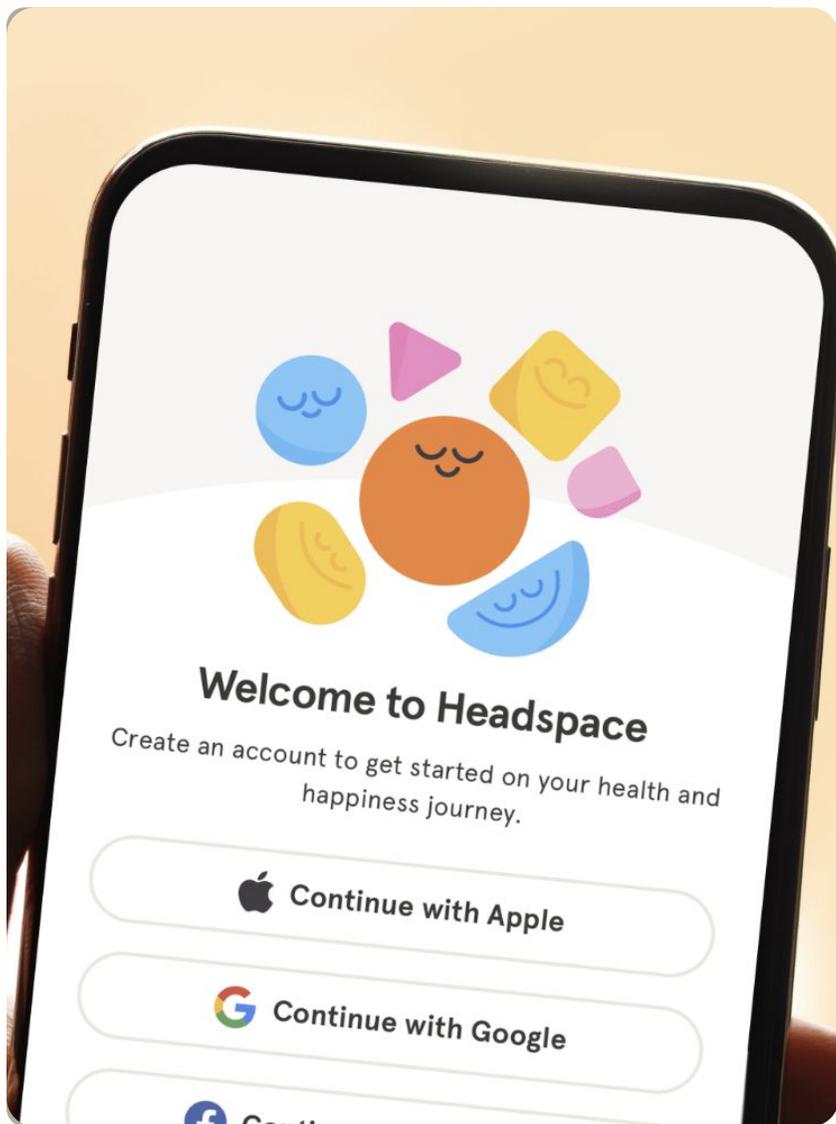

## Reduce risks

- Adaptive MFA
- Breached Password Detection
- Bot Protection
- Brute Force Protection
- Step-up Authentication
- Suspicious IP Throttling

Enough talking, it's demo time!

# Headspace finds new growth opportunities with Customer Identity

## Faster Time to Market

Fully implemented Okta within two months and eventually offloaded the identity of 70 million global users to us in two months.

## Accelerate Revenue

Open doors to previously out-of-reach partnerships for the team, including healthcare and B2B partnerships

## Reduce Risks

Scale identity systems by utilizing Customer Identity Clouds extensibility engine and SDKs while improving their security posture.
