Okta for Good

You're on a mission. We're here to help.

Every nonprofit is on a mission to make the world a better place, and great missions deserve the best technology. That's why Okta for Good makes the world's best identity solutions more accessible to nonprofits. The Okta Identity Cloud connects all your people – employees, members, volunteers, donors and partners – to any technology including cloud apps, custom apps, mobile apps, on-prem apps, laptops, desktops, and mobile devices.

Okta is trusted by nonprofits around the world to securely connect people and technology. From Single Sign-On to Advanced Server Access, the Okta Identity Cloud helps you modernize your IT infrastructure, protect against data breaches, and reduce friction for all of your stakeholders.

What the Okta Identity Cloud does for nonprofits:

- Provides all end users with seamless, 24/7 access to the apps and data they need

- Increases the efficiency of IT teams by significantly reducing manual processes

- Scales quickly to meet the needs of any growing organization

- Enables nonprofits to securely engage with external users, including volunteers and donors

- Secures and empowers employees, volunteers and all other stakeholders at your organization

"
Okta is our front door. It's our entryway into all of the services and systems that we need to do our job.

Ian Cook, Head of IT
charity: water

By leveraging Okta's technology, nonprofits can focus on what matters most: their mission.

Special Pricing for Nonprofits

Every dollar matters for your organization. That's why Okta offers special pricing for nonprofits:

- All verified nonprofit organizations receive 25 free licenses for Okta workforce products and preferential pricing for additional users and products

- Nonprofits take 50% off public training courses

- Nonprofit customers can attend Oktane – Okta's annual user conference – for free

Solutions for Employee, Volunteer, Beneficiary Identities

Use Okta's out-of-the-box functionality to provide seamless access for your extended workforce of employees, partners, volunteers, or leverage Okta's user management, authentication and authorization APIs in your own constituent or donor-facing applications.

Single Sign-On
Free your people from password chains. A single set of credentials gives them access to enterprise apps in the cloud, on-prem, and on mobile devices.

Lifecycle Management
Automate user onboarding and offboarding with seamless communication between directories, HR systems, and cloud applications.

Multi-Factor Authentication
Secure user access to apps, systems and devices with a robust policy framework, a comprehensive set of modern second-verification factors, and adaptive, risk-based authentication.

Universal Directory
Deploy a flexible, cloud-based user store to customize, organize, and manage any set of user attributes. Universal Directory also allows you to securely master in Okta or from any number of sources, including AD or HR system.
